Tools/languages used: HTML5, CSS3, Bootstrap, JavaScript, Canvas, Font Awesome, Google Fonts.

EDUCATION

Certificate in Full-Stack Web Development: University of Oregon Coding Bootcamp | *July 2019 – Jan 2020*

WORK HISTORY

The Oregon Clinic:
Patient Account Representative | *April 2018 – May 2020*
- Efficiently utilized internal and external patient databases to prepare accounts for monthly collection notices, increasing the amount of accounts prepared and the potential to reduce overall accounts receivable from a previous average of $250k to $500k+ on average.
- Coordinated and filled bi-annual blood drives to capacity through the American Red Cross by encouraging people to volunteer through providing information on donating and taking initiative to donate as well.

Information Desk Receptionist | *Dec 2016 – April 2018*
- Provided concise direction to patients who need help finding their appointments in a multi-clinic facility, ensuring neither the patient nor doctor's time is being misused due to a patient being lost.

Regal Entertainment Group:
Associate Manager | *July 2014 – June 2017*
- Collaborated with co-managers to motivate employees to enhance business standards through training on exemplary customer service and cleanliness.
